edited and with an introduction by Cary Nelson and

Marxism and the Interpretation of Culture "The publication of Marxism and the Interpretation of Culture is a major event in the discourse of cultural criticism of our time. In both the scope of the issues addressed and in the depth with which each issue is examined, this collection of essays demonstrates that dialectical materialism remains the intellectual strategy with which any socially engaged critical practice, Right, Left, or Center, must come to terms.

Karl Marx and the Study of Media and Culture Today

Marxism is a method of socioeconomic analysis that views class relations and social conflict using a materialist interpretation of historical development and takes a dialectical view of social transformation. It originates from the works of 19th-century German philosophers Karl Marx and Friedrich Engels.
